María de los Ángeles Guijarro
Managing partner

“We believe that being part of Grant Thornton will help us to improve our service levels and position in the market. It will also provide international assignments and secondment opportunities for our staff. Our people philosophy is professionalism, responsibility, commitment and a love for what you do.”

María de los Ángeles Guijarro

Who we are

Grant Thornton Ecuador is an independent firm of auditors and business consultants with over 20 years of experience in the Ecuadorian market.

Tax and legal services are provided by Ecuador Tax Company.

Where we are

We operate from four offices in Quito, Guayaquil, Cuenca and Manta.

How we work

We have a strong focus on maintaining our ethics and honesty, experience, personalised services and techniques. Our main objective is to continually increase the technical skills of our professionals to increase profitability, with the ultimate aim of offering added value to clients. Our strengths are our personalised service, experience and know how.

Why Grant Thornton

We have an excellent track record in this type of services through a carefully selected team, we have achieved excellent results with different sectors, thanks to this we ensure a complete service.

We are proud of our ability to train the best auditors, that know the changes and updates the accounting rules to support your clients' staff. We have all the information system to ensure that our clients' financial statements comply with the various regulations.

Our clients

We serve clients in sectors such as hotels, commercial, oil services, education, industrial and insurance companies, among others.

We have been consultants for control agencies in Ecuador and several multinational companies in the implementation of IFRS, so that we can provide our customers a real support from different perspectives, to share relevant aspects that are generated and must be considered in the long term because of the adoption of the new rules due to the peculiarities of local legislation.
