Portugal

Grant Thornton in Portugal is led by highly qualified professionals, combining international experience with local knowledge and understanding, to meet the needs and expectations of the business community.

Who we are

Grant Thornton Portugal was established in 1998 and developed from a national company which started in 1989.

Where we are

Our offices are in Lisboa, Oporto and Funchal (Madeira Island).

Why Grant Thornton

We offer a wide range of services provided by a multidisciplinary team who are highly skilled. Our partners have extensive knowledge and experience and share them with our clients. We are part of a global organisation and have the international connections to help your business grow globally.

Our clients

We provide services to large multinational corporations as well as to dynamic Portuguese SME's, working in a wide range of sectors, helping them unlocking their potential for growth including on cross-border operations.

Awards we've won

We work with some of Portugal's largest businesses. Since 2013, the advisory practice is working in a five year Monitoring Trustee mandate for the largest bank in Portugal.

Our audit clients range from small to medium/large sized public and private businesses.

One of our largest public clients is Parpública, a state-run management holding company for the Portuguese Republic.

We have extensive professional experience in the public sector and have been involved in many activities such as the audit of applications for subsidies granted by the Portuguese government, as well as the EU.

Our private sector experience is strong and knowledgeable. We have deep knowledge about the global shipping industry from auditing of ship-owners, port management, shipping agencies, forwarders, etc. Besides this sector, we also understand the real estate industry; manufacturing; tourism; IT, Banking, healthcare etc.

We have also been gathering significant knowledge and experience in the telecom sector over the last years by performing several engagements for the telecom regulator in Portugal as well as in Cape Vert, a former Portuguese colony.

- international tax services

We have just received an award from IAPMEI (Portuguese Institute of Support to Small and Medium Sized Companies) a governmental entity, certifying that our company has been recognised and distinguished for our quality performance and risk profiling as PME EXCELÊNCIA for the third year in a row.

We also received, from one of the largest private Portuguese banks in the country, a certificate to recognise our achievements as a leading company for SMEs in 2013, due to our performance and quality: Empresa PME Lider 2013 e 2014 Pelo Seu Desempenho e Qualidade.

How we work

Grant Thornton is committed to providing partner-led services together with high professional standards to meet the needs of our clients. We ensure that we provide added value to all of our clients.

What we do

We provide a comprehensive range of assurance, tax, accounting and advisory services, providing our clients with practical assistance to create business opportunities and to overcome issues.

We always aim to deal with the specific needs of each of our clients and based on our expertise and thorough understanding of their industries and markets we advise them on the best course of action.

To meet their requirements, we have specialised people who understand and perform each assignment.
